Food & Fitness Policy

Llanishen High School

This document contains the specific policy and associated information relating to Food & Fitness at Llanishen High School

Responsible Staff Member : Mr R Wilson
Approved by Governing body : 20 March 2018
Date of next review : Spring 2021

FOOD AND FITNESS POLICY

Section 1 : Rationale

1.1 Schools are key settings for promoting healthy living to young people. Llanishen High School is committed to helping its students to lead active and healthy lives.

1,2 Underlying principles

- ⤴ Young people who are healthy and active learn better
- ⤴ To be successful and avoid mixed messages, there has to be a whole school approach to food, fitness and students' well-being
- ⤴ The whole school approach needs to be planned to ensure coherence and consistency across the curriculum (formal and informal) and the school environment
- ⤴ Students, staff, parents, governors, catering providers, outside agencies and the local community all need to contribute to the development and delivery of the whole school approach
- ⤴ Students need to be equipped with the habits of healthy eating, emotional resilience and active lifestyles which will last into adulthood and improve their quality of life
- ⤴ Equality of access for all students to healthy living curriculum provision, school meals provision and sport and recreation facilities
- ⤴ A rewards policy which is consistent with healthy living.

Section 2 : Statutory Requirements

2.1

- ⤴ Schools have a duty to promote the well-being of their students
- ⤴ The curriculum framework requires an integrate and consistent approach to healthy living
- ⤴ The Welsh Government statutory guidance on healthy eating requires
- ⤴ schools to promote healthy eating and drinking;
- ⤴ the governing body in their annual report to cover action to this end ;
- ⤴ local authorities to ensure drinking water is available in all schools free of charge;
- ⤴ the governing body to encourage take up of school meals, including take up of free school meals;
- ⤴ the governing body to ensure that a student cannot be identified as receiving a free school lunch and that their identify is not disclosed;
- ⤴ Schools have to comply with the nutritional standards for school meals set out in Regulations.

Section 3 : Policy Development

3.1 The school's food and fitness policy has been developed in consultation with staff, students, caterers, governors and the senior leadership team. The policy is a working, flexible document and continues to change to take account of local and national priorities and the needs of students and other members of the school community.

Section 4 : Food and Nutrition

4.1 Curriculum Provision

This includes:

- △ Food preparation skills taught to all students at key stage 3 through food technology and at key stage 4 through GCSE and BTec courses.
- △ The relationship between food, physical activity and short and long term health benefits covered in a number of subjects including PSE, Food Technology, Science and PE.
- △ Basic food hygiene.
- △ Influences on food choices including the impact of the media.
- △ The opportunity in geography, science and other curriculum areas to learn about the growing and farming of food and its impact on the environment (food miles, CO₂, carbon foot print, reuse, recycling, composting and waste).
- △ In Key Stage 4 Health & Social Care a unit on “The Impact of Diet on Health” which includes basic food hygiene.
- △ The ‘Jamie Oliver Home Cooking’ skills course taken by groups of Year 11 pathways 1 students as part of their KS4 curriculum.

4.2 Food and drink consumed in school

The school is promoting healthy eating and drinking and the take up of school meals, including free school meals by:

- △ Improved dining facilities with a second kitchen and a second dining hall in the West Wing Hall area and a 'Bistro' in the sixth form common room.
- △ Requiring all Key Stage 3 & 4 students to remain on site during lunchtimes thus reducing access to local fast food outlets.
- △ Cashless payment so that students entitled to free school meals are not identifiable and stigmatised and purchase of food and drink is simplified for all students.
- △ Allowing students sufficient time to eat.
- △ Ensuring that dining facilities are supervised so that students behave in an appropriate manner.
- △ Promoting school meals to students and their parents.
- △ Discouraging the inclusion of savoury snacks, chocolate, and sugared drinks in packed lunches.
- △ Banning the consumption and purchase of ‘high energy, caffeine rich drinks’ in school.
- △ Providing access to clean drinking water without charge throughout the day and across the school site and the opportunity for students to purchase bottled water in all canteen areas.
- △ Working in partnership with the school catering service to ensure compliance with the nutritional standards for school meals contained in the Healthy Eating in Schools (Wales) Regulations.
- △ Ensuring that all vending and food products provided in the dining areas outside of break time and lunchtime comply with the nutritional standards.
- △ Within PSE lessons educating students about the benefits of a balanced diet and encouraging them to eat healthily.
- △ Displaying ‘Healthy Schools’ posters in dining areas to promote the ‘Eat Well Plate’.
- △ Offering a variety of foods in the dining areas to enable students from different cultural and religious backgrounds to eat healthily.

Section 5 : Physical Activity

5.1 The school recognises that students differ in the sports they enjoy, that boys and girls may have different preferences and that the abilities of all students vary. Accordingly a diverse range of physical activities are offered through the curriculum and extra-curricular provision. Activities are planned so as to enable students to develop their thinking and communication skills alongside their physical fitness.

5.2 Curriculum Provision

- ⤴ At Key Stage 3 each student has 2 hours of physical education each week
- ⤴ At Key Stage 4 each student has a minimum of 1 hour of physical education each week and as an optional choice students can study BTEC Sport or a GCSE qualification.
- ⤴ At Key Stage 5 students can opt to take BTEC Sport or AS/A2 PE.
- ⤴ In science, PSE, Btec Health and Social Care and Welsh Baccalaureate students are taught about the importance of physical activity for healthy living and wellbeing.
- ⤴ Links are made with sporting events such as the Olympics and world and national championships.
- ⤴ A Welsh Rugby Union development officer is employed to promote participation and develop rugby across all age ranges and for both boys and girls.

5.3 School Environment

- ⤴ The school's playground, indoor and outdoor areas are designed to be welcoming, safe and secure.
- ⤴ Facilities for a range of activities are available in the playground such as basketball, football, rounders, hockey, cricket and athletics.
- ⤴ The sports hall provides an excellent venue for indoor activities during and after the school day and is also available for community use, outside school hours.
- ⤴ An all-weather playing surface 3G pitch with changing facilities is in the final planning stages as a joint venture with Llanishen Rugby Club.
- ⤴ Display areas around the school, on twitter and on the school website are used to promote and celebrate physical activity, including the sports honours achieved by current and past students.

5.4 Extra-curricula activity

- ⤴ Students are encouraged to take part in extra curricula sports and sports fixtures and to get involved in local teams.
- ⤴ A range of before and after school and lunchtime clubs are held including fitness club, circuits, weights, football, rugby, netball, hockey, gymnastics, cross country, athletics and tennis.
- ⤴ Team sport fixtures against other schools take place including national competitions in a range of sports. Recent successes include winning the Welsh Rugby Cup at 'under 18 level' for three consecutive years.
- ⤴ The school has a formal link with the Welsh Rugby Union which provides funding to promote and develop rugby at all levels for boys and girls
- ⤴ The school belongs to the Sport Cardiff Development Team which links schools, leisure centres, youth clubs and the police to community events held within and outside of school.

5.5 Whole school events

During the year the school organises a number of mass sporting events that provides the opportunity to develop and promote exercise and wellbeing on a large scale. Such events include:

- ^ sports day for KS3 students.
- ^ sponsored 'Skip to be Fit' event for the British Heart Foundation.
- ^ sponsored events for charities.

5.6 Cycling and Walking to School

Cycling and walking to school are encouraged and promoted on the school website, which includes advice on planning safe routes. Cycle racks are provided for students who cycle to school.

Section 6 : Personal health and well-being

6.1 Curriculum – students are educated on these topics in a range of curriculum subjects including KS3 PSE, BTec Health and Social Care, BTec Sports and Welsh Baccalaureate at KS4 and KS5 levels. School Assemblies are also used to promote topics such as drug awareness, good hygiene practice, sexual health, cyber issues and good health.

6.2 Facilities - Toilet facilities are checked throughout the day and students have access to toilet paper and soap. Student voice via the School Council discusses and reviews these facilities at regular intervals. The Estates team monitor and maintain the toilets.

Section 7 : Implementation, Monitoring and Evaluation

7.1 Those with key roles in implementing this policy are

- ^ Departmental teams responsible for the relevant curriculum areas, especially the teams delivering food technology, PE, health and social care, PSE and Welsh Baccalaureate.
- ^ The Estates team who look after the school environment, including toilet facilities.
- ^ The school catering service responsible for the provision of meals, snacks and vending machines.

7.2 Implementation and delivery are supported by

- ^ Membership of the Sports Cardiff Development Team
- ^ Accreditation as a Healthy School
- ^ The Central South Consortium Joint Education Service and Cardiff County Council

7.3 Monitoring arrangements include

- ^ Evaluation of curriculum delivery through regular assessments of student progress, examination results and the school review process.
- ^ Student input on the School Council and student questionnaires.
- ^ Cardiff Schools Catering division monitoring of the nutritional standards of school meals.
- ^ Review of the take up of school meals, including take up by those students entitled to free school meals.
