Education for Sustainable Development and Global Citizenship Policy (ESDGC)

Llanishen High School

This document contains the specific policy and associated information relating to Education for Sustainable Development and Global Citizenship at Llanishen High School

Member of staff responsible for the policy : Mr R Wilson Approved by Governing body : May 2016

Date of next review: May 2019

ESTYN REPORT APRIL 2016

"The active and enthusiastic eco-school committee has raised environmental awareness within the school and its work on reducing litter in the school and local community has been beneficial. The school makes a successful contribution to developing pupils' awareness of sustainability and global citizenship"

MISSION STATEMENT

At Llanishen High School, we have adopted our own mission statement for ESDGC.

"Developing and promoting a global community through awareness"

In defining our mission statement, we have paid due attention to the definition expressed in the Welsh Government's Guidance on Education for Sustainable Development and Global Citizenship and to the Wellbeing of future Generations (Wales) Act 2015.

DEFINITION OF TERMS

Education for Sustainable Development (ESD) is about enabling pupils to develop the knowledge, values and skills to participate in decisions about the way we do things individually and collectively, both locally and globally, that will improve the quality of life now without damaging the planet for the future.

Education for Global Citizenship (GC) enables people to understand the global forces that shape their lives and to acquire the knowledge, skills and values that will equip them to participate in decision-making, both locally and globally, which promotes a more equitable and sustainable world.

AIMS

Implementation of our ESDGC policy

We recognise that in order to educate our children in sustainable and global issues, we need to plan for and embed ESDGC into the curriculum and into aspects of school life, as well as demonstrating that we practise what we preach. We aim, therefore, to instil in our pupils

the Five ESDGC Rs:

- Respect and Equality;
- Reduce;
- Re-use;
- Recycle;
- Restore.

Another fundamental aim of the policy is to ensure that we as a school promote understanding and acknowledgement of current local, national and international ESDGC issues. Important topical issues will be explored in a number of ways including, assembly themes, research tasks and curriculum topics. This will be done in particular through the areas of Geography, Science, D.T., Welsh Baccalaureate and Personal and Social Education.

The pupils, teachers and governors will seek to involve the local community in the promotion of this policy.

Global and community links will be nurtured and valued.

All work will support the school's equal opportunities policies and practices.

To these aims we at Llanishen High School will promote our work in the following ways

ESDGC : Learning Themes, Outcomes & Delivery at Llanishen H.S.

LEARNING THEMES	LEARNING	LLANISHEN H.S.
	OUTCOMES	DELIVERY
CHOICES	Developing respect for self and others,	
AND DECISIONS	accepting responsibility for personal

WEALTH AND POVERTY

Recognising that all human beings have certain needs, but that these needs are not always met in all places, in all societies and understanding that inequalities can seriously affect people's lives, but our actions as individuals/groups can make a difference in combating poverty.

- Levels of wealth and poverty
- The gap between the rich and poor both locally and globally
- · Basic needs and quality of life
- The interdependent causes and impacts of poverty
- How wealth is created
- The perceived and real value of goods, services and relationships
- Fair Trade
- The right of future generations to access resources

Awards Recognition

L.H.S. was awarded the following awards in recognition of their work in the area of ESDGC:

- International Schools Award 2012-2015 (Application for next cycle to be completed Summer 2016)
- Eco-Schools Green Flag: Third Flag Award (Work on Platinum Award continues)
- Healthy Schools Phase 5: first Cardiff School to enter Phase 6

Co-Ordination

The Assistant Head Teacher Learning has responsibility for ESDGC and is the first point of reference. The AHTL, the Eco-Schools Committee and staff will strive to develop, raise awareness, support and work with students to raise and promote awareness of the policy. The AHTL will monitor and evaluate the initiatives. Any training needs can be highlighted through departments and appropriate INSET given where appropriate.
